

There is a very cooperative, very, frankly, exciting group meeting together right now, probably as we speak, trying to come up with a comprehensive solution that involves the tribes, the farmers, environmentalists, power companies, everybody involved in this basin.

This administration, this Congress, put forth \$10 million to screen the "A" canal so that sucker larvae could come back into Klamath Lake; 100,000 acre feet of water was put in streams away from agriculture, and a water bank to put more water into this system. We have passed the authority and funding to remove Chiloquin Dam to improve fish passage, the upper end that deals with sucker recovery.

In the farm bill, \$50 million, the only earmark for EQUIP funding, was carved out by this Congress to help in terms of both irrigation efficiency and conservation programs and partnerships between farmers to put more water into the system. There is an enormous effort under way in this basin by this administration, by this administration, and in a bipartisan way by this Congress. We recognize more work needs to be done.

Mr. RAHALL. Mr. Speaker, this concludes debate on our side of the aisle. Again, commending our chairman, Mr. POMBO, wishing him the best on whatever avenue he pursues in the future. I know that he will be spending a great deal of time on the ranch with his lovely wife, Annette. I wish him Godspeed there.

I thank Mr. GILCHREST for his work on this legislation, those that have spoken on it for the help they have been, especially, as I started out my remarks, I thank Senator STEVENS and Senator INOUE who truly extended the olive branch that broke the logjam on this legislation.

As Mr. ALLEN has already done, I also want to recognize our committee Democratic staff who helped make this bill possible. Chief among them is Lori Sonken, as well as Jeff Petrich and Charlotte Stevenson.

I thank Mr. POMBO's staff as well. His staff has put in numerous hours on this over a long, long period of time. Without their work we would not be here today celebrating the passage of this legislation.

Mr. Speaker, I yield back the balance of my time.

Mr. GILCHREST. I want to thank Mr. RAHALL and his staff and the Members on that side of the aisle, and Mr. POMBO for his effort, Mr. YOUNG, and Mr. Jim Saxton, and certainly the staff behind me for all their work.

This is not a perfect bill. There is no utopia in the legislative process. Through consensus and dialogue, we have tried to integrate the ideas of the Members, and we feel very strongly that we have come up with a bill that will improve, sustain and restore the ecology of the Nation's oceans.

I urge my colleagues for an "aye" vote on this legislation.

Mr. REICHERT. Mr. Speaker, I rise today in support of H.R. 5946, a bill to reauthorize the Magnuson-Stevens Fishery Conservation and Management Act. This bill will improve the management of our nation's fishery resources, and help ensure that we have a sustainable supply of seafood for Americans. Importantly, the new bill would permit regional fishery councils to implement market-based management programs for fisheries that will improve the economics of fishing and enhance the safety of our fishing fleets.

I am also pleased that the new legislation would not disrupt the ongoing efforts by the Pacific Fishery Management Council to improve the management of its groundfish fisheries. The Pacific Council is working diligently to develop a rationalization program for its groundfish fisheries. This process has been underway for more than 3 years, and is nearing completion. While the bill requires the Pacific Council to implement an appropriate groundfish management program within 24 months from the date of enactment, and to meet other requirements in the new law, it does not require the Pacific Council to begin anew in developing that program.

I would like to thank Chairman POMBO and Ranking Member RAHALL for their efforts on this bill, and for their willingness to work with us on issues of importance to our Pacific Northwest fisheries.

Mr. GILCHREST. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Maryland (Mr. GILCHREST) that the House suspend the rules and concur in the Senate amendment to the bill, H.R. 5946.

The question was taken; and (two-thirds of those voting having responded in the affirmative) the rules were suspended and the Senate amendment was concurred in.

A motion to reconsider was laid on the table.

#### FURTHER MESSAGE FROM THE SENATE

A further message from the Senate by Ms. Curtis, one of its clerks, announced that the Senate has passed without amendment a bill and a joint resolution of the House of the following titles:

H.R. 4709. An act to amend title 18, United States Code, to strengthen protections for law enforcement officers and the public by providing criminal penalties for the fraudulent acquisition or unauthorized disclosure of phone records.

H.J. Res. 102. Joint resolution making further continuing appropriations for the fiscal year 2007, and for other purposes.

The message also announced that the Senate has passed with an amendment in which the concurrence of the House is requested, bills of the House of the following titles:

H.R. 798. An act to provide for a research program for remediation of closed methamphetamine production laboratories, and for other purposes.

H.R. 6164. An act to amend title IV of the Public Health Service Act to revise and extend the authorities of the National Institutes of Health, and for other purposes.

#### NATIONAL INSTITUTES OF HEALTH REFORM ACT OF 2006

Mr. BARTON of Texas. Mr. Speaker, I move to suspend the rules and concur in the Senate amendment to the bill (H.R. 6164) to amend title IV of the Public Health Service Act to revise and extend the authorities of the National Institutes of Health, and for other purposes.

The Clerk read as follows:
